

Soheum Hwang

Senior product designer with 4+ years of experience designing complex B2B platforms and mobile products, specialising in simplifying dense workflows into intuitive end-to-end experiences with a strong eye for visual design, in complex, cross-functional environments

Comfortable designing for uncertainty and translating complex domain logic into clear, trustworthy user experiences, with hands-on experience contributing to front-end implementation using AI-assisted coding tools.

Experience

Scarlet | Senior Product Designer

London, UK | Mar 25 - Present

- Led visual design and end-to-end product design from 0 → 1 as a regulatory certification platform for AI medical devices that grew from 50 to 500 users
- Designed AI-powered features for complex, high-stakes workflows, with careful attention to trust, transparency and human control

Bank of England | Product Designer

London, UK | Jan 24 - Feb 25

- Redesigned how the Bank collects financial data - mapping complex expert workflows with tangible prototypes
- Collaborated across stakeholders in legal, data, and policy to translate complex regulatory requirements into products

McKinsey & Company | Junior Product Designer

Stockholm, Sweden | Aug 22 - Dec 23

- Designed and launched a financial health platform in Norway, applying strong visual hierarchy and UI craft to simplify a high-stakes subject
- Collaborated directly with consulting teams across multiple client engagements - translating complex business strategy and data requirements into product design decisions

Philips | UX Design Intern

Amsterdam, Netherlands | Mar 21 - Aug 21

Amorepacific | Visual Design Intern

Seoul, Korea | Nov 20 - Feb 21
